

Modifier Priority Table

When submitting multiple modifiers, Scott & White Health Plan requires that the modifier with the highest priority as deemed by Scott & White Health Plan be submitted according to the table below. The table below is prioritized with modifier 26 as the highest priority and modifier 54 as the lowest priority.

For example, if a provider is submitting both modifiers 26 and 50, the provider should submit modifier 26 as the primary modifier because it is higher on the modifier priority table.

Modifier	Modifier Description
26	Professional Component
TC	Technical Component
RR	Rental Equipment
55	Split Surgical Care-Post Op management only
56	Split surgical care-pre-op care only
81	Minimum Assistant Surgeon
53	Discontinue procedure
