¹ If a brand name is dispensed when a generic is available, major medical deductible applies.

² You must submit a claim for reimbursement when using out of network pharmacies.

IN NETWORK AND OUT OF NETWORK PROVIDERS

When you go to a network provider, the amount you pay is based on the agreed-upon amount. The provider cannot "balance bill" you for charges greater than that amount. Network providers agree to accept an agreed-upon amount as payment in full. When you go to an out-of-network provider, the amount you pay is based on ICSW's allowable amount. The provider can "balance bill" you for charges greater than the allowed amount. These charges don't apply to your out-of-pocket limit or deductible. Your policy explains your share of the cost for network and out-of-network providers.

PREEXISTING CONDITION LIMITATION

"Preexisting Condition(s)" means any medical or physical condition for which the Member sought or received medical advice, diagnosis, care, or treatment during the twelve (12) months immediately preceding the Effective Date. ICSW will not deny, exclude, or limit benefits for services for Preexisting conditions when expenses for Covered Services are incurred more than twelve (12) months following the Effective Date. Genetic information in the absence of a diagnosis of a relevant condition shall not be considered a Preexisting Condition. Preexisting Conditions do not apply to Covered Dependents age 18 or under.
