

SCOTT & WHITE HEALTH PLAN

Texas Friendly

June 23, 2010

Dear Scott & White Health Plan Provider:

Several months ago you received information about the new provider incentive program for 2010. We have made several changes to the program and ask that you discontinue the use of code BNS05 for specific services. We have developed a process so that our system will automatically track the codes that are eligible for the \$5 bonus payment. You will receive a bonus check after the end of each quarter. As a reminder, the following codes qualify for the bonus program:

	CPT Code	ICD-9 Code
Well Child Visit (3-6 years old)	99382-3, 99392-3	V20.2
Adolescent Well Care Visit (12-21 years old)	99384-5, 99395	V20.2
Immunizations for Adolescents:		
Meningococcal(11-13 years old)*	90733, 90734	
Tdap (10-13 years old)*	90715	99.39
Td 10-13 years old)*	90714, 90718	
Tetanus 10-13 years old)*	90703	99.38
Diphtheria 10-13 years old)*	90719	99.36
Chlamydia (16-24 years old)	87492	

*By 13th birthday

For claims that have already been submitted and were denied due to the use of BNS05, please resubmit those claims and payment will be made retroactively to 4/1/2010. The goal of this program is to provide the most personalized, comprehensive, and highest quality health care by ensuring that necessary, routine procedures are performed and documented.

If you have any questions, please do not hesitate to contact Provider Relations at (254) 298-3064.

Sincerely,

Dr. Marylou Buyse, M.D., M.S.
Chief Medical Director
