Urgent Care and Extended Hours Clinics

At Scott & White Health Plan, we understand that typical doctor's office hours aren't convenient for everyone. And sometimes you have a minor illness or injury that needs attention, but isn't an emergency. That's why our network includes clinics with extended hours as well as urgent care (also called "acute care") options. Costs vary by plan, but the cost for an urgent care visit is typically less than half that of a trip to the ER. And you're likely to get in and out a lot faster.

The one Texans trust.
