

# SWHP Benefit Plan Highlights

Scott & White  
HEALTH PLAN

## WHAT IS BAYLOR SCOTT & WHITE PREFERRED?

Scott and White Health Plan (SWHP) and Baylor Scott & White Quality Alliance (BSWQA) have teamed together to form Baylor Scott & White Preferred, an integrated health plan solution.

Baylor Scott & White Preferred providers belong to the BSWQA Accountable Care Organization (ACO) and are contracted with Scott and White Health Plan to provide care for you.

### WHAT IS AN ACO?

ACOs are formed from a group of doctors that are committed to being accountable to patients and payers for the quality, appropriateness and efficiency of healthcare services that are delivered. They are healthcare organizations that tie payments to quality measures and the cost of care. In our ACO, doctors, hospitals, Scott and White Health Plan, post-acute care facilities and others work together to make sure you get the right care at the right time and at the right cost.

## HOW DOES IT WORK?

Your primary care doctor leads a care team that may include physician assistants, medical assistants and registered nurses. They ensure your preventive services are up-to-date and help manage your care if you have been diagnosed with a complex illness.

Your primary care doctor uses electronic health records to help keep you and your care team on the same page. These records are shared securely with other doctors and care managers in the system to track your health history, your medicines, and your test results—all in real time. This also helps your doctor spot any gaps in your care.

## Find a Provider

Our provider search tool at [ers.swhp.org](https://ers.swhp.org) allows you to:

- Search by name, specialty and/or ZIP code
- Add filters for gender, board certification, accepting new patients and more
- See practice locations, contact information and maps
- Get details, including network participation and hospital affiliations
- Customize your own profile

Go to [ers.swhp.org](https://ers.swhp.org) and scroll down the page to “Find a Provider” and you will be on your way.

# As a member of a health plan working with an ACO, **YOU CAN EXPECT CARE THAT IS:**

**HIGH-QUALITY.** You should expect the care you receive to be safe, timely, effective, efficient, equitable and patient-centered.

**COORDINATED.** Your doctor acts as the quarterback for care, guiding your care team and coordinating appropriate services across all sites of care that might include a specialist's office, the hospital, or laboratory and imaging services.

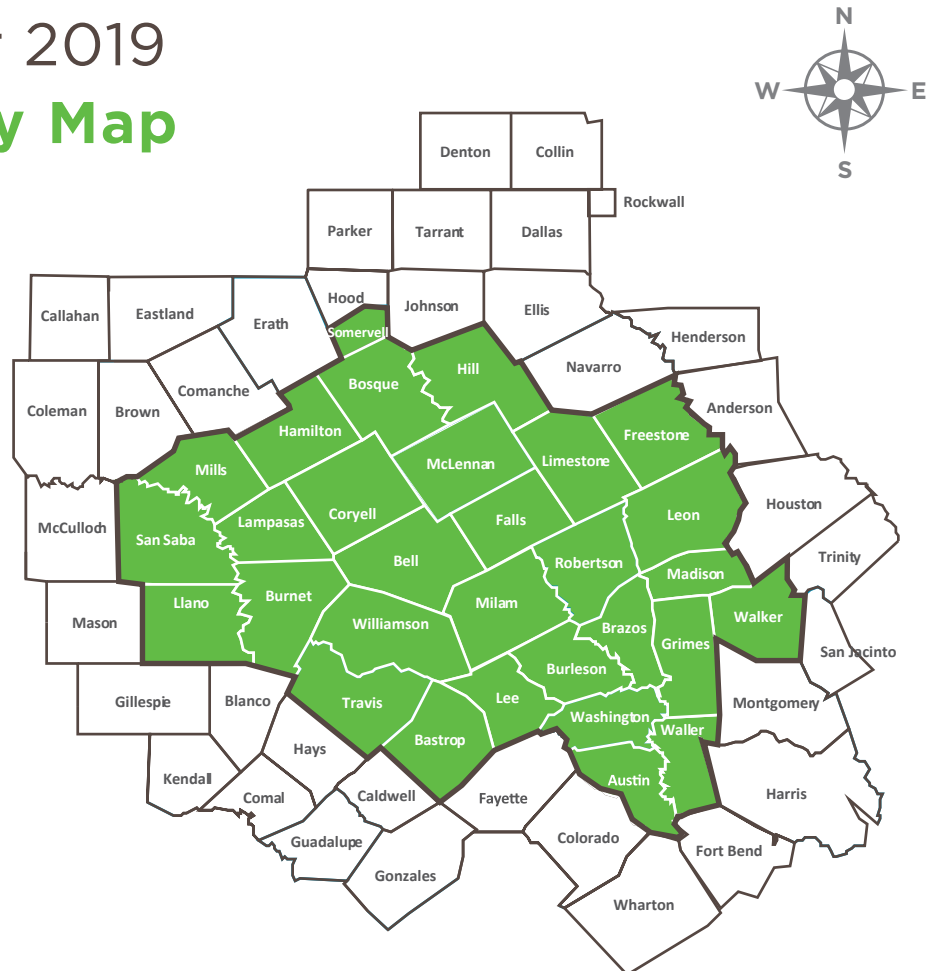

**CONVENIENT.** Many of our doctors and facilities offer same-day appointments, extended hours, and onsite laboratory and imaging services. Urgent care centers and retail care clinics like Walgreen's and CVS are in the BSW Preferred network.

**COMPREHENSIVE.** The BSW Preferred network of primary and specialty care doctors and facilities is broad. We are confident we can meet your care needs.

**COST-EFFECTIVE.** Copays and out-of-pocket expenses are kept in check when your care needs are delivered inside the BSW Preferred network (doctors, hospitals, laboratory, imaging and post-acute care.) All other providers are considered out-of-network and no benefits are available for services other than emergency situations.

## **ERS** | Plan Year 2019 EMPLOYEES RETIREMENT SYSTEM OF TEXAS **Eligibility Map**

If you live or work in one of the green counties, you will be eligible to participate in the ERS Group Benefit Plan administered by Scott and White Health Plan for Plan Year 2019.

**Scott and White Health Plan offers a variety of programs designed to meet your health and wellness needs,** regardless of where you may be on the continuum of care. # EXTRA ASSISTANCE WHEN YOU NEED IT

## Complex Case Management

If you have chronic conditions or complex care needs, our nurse case managers will work with you, your family, and your physician to create and manage your care plan. Case managers advocate for you and assist with setting goals and making a personal plan to improve your health. They also can assist with arrangements for necessary services and make referrals to, and incorporate, Disease Management programs as applicable. Case managers answer questions and educate you so you have a better understanding of your condition and plan of care.

The purpose of the program is to help you get the best possible results and the greatest value from your health plan. Participation is voluntary, and there is no additional cost to you for this program. To see if Complex Case Management is right for you, request a screening by completing the Case Management referral form at <https://portal.swhp.org/#/referral>.

## Disease Management

Disease Management programs are designed to improve the health of members with chronic conditions and reduce associated costs from avoidable complications. These goals are accomplished by identifying and treating chronic conditions more quickly and more effectively, slowing the progression of those diseases.

Disease Management is a system of coordinated health care interventions tailored to your conditions where self-care efforts can be implemented.

Working with your healthcare providers, Disease Management empowers you to manage the disease and prevent complications.

SWHP ERS members can access the program by calling the Health Access Line (844) 279-7589 or through our online Member Information Center.
