SWHP Pharmacy and Therapeutics Committee Updates

November 2021

The SWHP P&T Committee conducted meetings on **11/23/2021** and made the following changes to the **Group Choice** and **Group Value** formularies.

2021 FORMULARY CHANGES

Therapeutic Class	Medication	Formulary Changes	Effective Date
Antihyperlipidemics	Repatha Praluent	Tier 3 PA	1/1/2022
Anticonvulsants	Banzel	NF	12/31/2021
Antibiotics	doxycycline 25/5mL suspension (generic Vibramycin)	Tier 1	1/1/2022
	Vibramycin 50/5mL syrup	NF	12/31/2021
Inhaled Antibiotics	tobramycin nebulizer solution (generic Bethkis)	SP1	1/1/2022
Antiparathyroid Agents	Sensipar	NF	12/31/2021
Cathartics and Laxatives	Osmoprep	NF	12/31/2021
Alkalinizing Agents	Oracit	NF	12/31/2021
Topical Rosacea Agents	azelaic acid gel 15% (generic Finacea)	Tier 1	1/1/2022
Diuretic Combinations	Aldactazide 50/50 tablets	NF	2/15/2022

YEAR-TO-DATE FORMULARY GENERIC RELEASES (generic drug is available at copay listed once drug is available on the market)

Therapeutic Class	Generic Name	For Brand Name	Formulary Status	Available Date
Antineoplastic Agents	everolimus	Afinitor	SP1	October 2021
Topical Antibacterial Agents	clindamycin 0.1% gel	Clindagel	Tier 1	September 2021
Antidepressants	paroxetine suspension	Paxil suspension	Tier 1	September 2021
Smoking Cessation Agents	varenicline	Chantix	Preventive ST	September 2021
ACE Inhibitors	enalapril oral solution	Epaned	Tier 3	August 2021
Antivirals	entravirine	Intelence	SP1	June 2021

Key
 PA= Prior Authorization AL= Age Limit ST= Step Therapy QL=Quantity Limit NF=Non-formulary
 Tier 1=preferred generic; Tier 2=preferred brand; Tier 3= Non-preferred brand/generic
 SP1= specialty preferred generic; SP2= specialty preferred brand; SP3= specialty non-preferred brand

Changes apply to both formularies if not specified.

Drugs may be subject to coverage requirements or limits such as prior authorization. Refer to your formulary or plan documents for additional information.
 This list does not guarantee coverage.

YEAR-TO-DATE FORMULARY GENERIC RELEASES (generic drug is available at copay listed once drug is available on the market)

Therapeutic Class	Generic Name	For Brand Name	Formulary Status	Available Date
	lopinavir/ritonavir	Kaletra	SP1	June 2021
Anticonvulsants	rufinamide	Banzel	SP1	May 2021
Ophthalmic Carbonic Anhydrase Inhibitors	brinzolamide ophthalmic suspension	Azopt	Tier 1	March 2021
Vasopressors	droxidopa capsules	Northera	SP1	February 2021
Ophthalmic Corticosteroids	loteprednol etabonate gel	Lotemax Gel	Tier 1	February 2021
Gastrointestinal Agents	lubiprostone capsules	Amitiza	Tier 3	January 2021
Antivirals	emtricitabine/tenofovir tabs	Truvada	SP1	January 2021
Antineoplastics	abiraterone	Zytiga	SP1 (Oral Oncology Split Fill Program)	December 2020
Antipsychotics	asenapine SL tabs	Saphris SL	Tier 3	December 2020

YEAR-TO-DATE FORMULARY CHANGES
